

THE WEST WALES MOTORCYCLE LODGE No 10023

*Freemasonry is a force for good in society,
supporting those in need and less fortunate than us.
Motorcycling does you good!*

Why not combine the two, learn more about yourself, enjoy riding and talking about bikes (even if you don't ride), do good things for society both locally and nationally and socialise with like minded enthusiasts.

If you have ever been curious about the fraternal society that is Freemasonry, especially if you enjoy or are interested in bikes in any form, have a word with us.
